

Activities: Conduct Day of prayer action for children

Inputs: DPAC program has been organised in centre level and district level. All together 406 participants represent from different school student's stakeholder and religious leaders. The programs have started by interfaith prayer especially for children . Interaction program has been held between children and religious leaders Religious leader addressed that Since, in all holy script, children are given respectful and loving position in the society so religious leaders are citing those phrase to convince communities to understand the important role of children in the society Children's questions to religious leader indicated that they pay attention and had desire to learn about the position of the children in all holy script

Religious leader addressed that since, in all holy script, children are given respectful and loving position in the society so religious leaders are citing those phrase to convince communities to understand the important role of children in the society. There is no child marriage, child abuse mentioned in any religions so these practices should be abolished which many religious do not allow.

The program especially focused in our daily prayer for betterment of the children. In every community and in place of worship, prayer service will be held followed by specific measurable action for the survival, protection and development of children it is hope that our daily prayer combined with holy books counter such negative practices perpetuated in the name of the religion
